PROFILE

Enterprise seller and GTM engineer with 8 years across new business, account growth, and partnerships. Closed 20+ six-figure new-logo deals at Folloze and self-sourced 78% of 2023 revenue. Previously ranked #1 AE every quarter at Banzai / Demio. I build outbound, research, demo, and customer enablement systems with AI coding agents.

ENTERPRISE SALES EXPERIENCE

Folloze | Head of Partnerships & Go-to-Market Engineering Jan 2026 - Present

- Lead solution engineering and GTM engineering across technical discovery, customer AI workshops, POCs, demos, partnerships, and product feedback.
- Built customer-facing and internal AI systems for outbound, account research, demo environments, and content operations. The broader content program contributed to a 27% increase in inbound demo requests in H1 2026.

Folloze | Enterprise Account Manager & Partnership Manager Jan 2025 - Jan 2026

- Achieved 111% net revenue retention on a $3.57M TCV book; renewed 27 of 31 customers and moved 21 to multiyear agreements.
- Rebuilt the partner program, producing four partner-sourced deals worth $337K ARR and a new agency channel worth $202K ARR.

Folloze | Enterprise Account Executive & Agency Partnerships Manager Mar 2022 - Jul 2024

- Closed 20+ six-figure new-logo deals, finished as the #2 AE in 2023, and self-sourced 78% of that year's revenue.
- Owned enterprise deals from discovery through contract while leading agency, OEM, and co-sell motions; reached 111% of Q4 2023 quota.

Banzai / Demio | Account Executive Mar 2020 - Mar 2022

- Ranked #1 AE every quarter and achieved 130% of 2021 quota while helping move the webinar SaaS business upmarket.
- Upgraded 43 customers from monthly to annual contracts; enterprise customers included KPMG and Square.

Modern Stoa | Head of Sales Mar 2020 - Jan 2022

- Owned the P&L and a three-person team; generated $1.23M in 2021 ad sales across 136 deals, up 400% from 2020.

DemandDrive | Senior Inside Sales Representative & Team Lead Jun 2018 - Jan 2020

- Booked 139% of lifetime quota, earned President's Club, and trained new hires as the team scaled.

TECHNICAL WORK RELEVANT TO VARICK

- Outbound engine: designed and built an API-driven loop for account research, scoring, personalization, outreach enrollment, reply telemetry, and buyer-signal memory. Public source: github.com/0xTrey/folloze-outbound-engine-public.
- Customer AI enablement: technical discovery, working demos, portable MCP skills, connector activation, and product feedback. Content engine: researched publishing with evidence and quality checks.

EDUCATION AND SKILLS

Wabash College, B.A. in Religion and Political Science. Enterprise prospecting, executive discovery, technical demos, multistakeholder sales, multiyear contracts, partnerships, Salesforce, LLM APIs, model routing, agent workflows.
